

RESPONSIBILITIES OF THE SPANISH HOUSE NATIVE ASSISTANT

As the native assistant for the Spanish House, you are to consider yourself as a "model" for other students in the house. Additionally, since the Spanish House is a "theme" house at which students with a strong interest in and engagement with Spanish apply for residence, you are to do your utmost to strengthen the identity of the house as a vital language and cultural center.

Your responsibilities as Native Assistant are therefore as follows:

- -to speak Spanish at all times.
- **-to organize, with the Resident Advisor,** a minimum of three language activities per semester (movies, salsa/cooking/other lessons specific to Spanish culture, cultural presentations and so forth...)
- -to attend, with the Resident Advisor, these three activities (exception will be made only if you have a scheduled class; normally, however, these activities should not interfere with your class schedule).
- -as the Native Assistant you are **to mingle with** other members of the house in order **to foster** and create **a sense of community**; this entails friendliness, an outgoing disposition and the **readiness to spend time** with others.
- -as the Native Assistant, you should be aware that your strong commitment to making the Spanish House a welcoming and dynamic home for Spanish Club activities, and events connecting with the promotion of the Spanish language and culture, is **key** to the success of the house.

Please sign here to show you agreement and you commitment to fulfilling	these
responsibilities to the best of your ability:
